

WARM WATER HANDWASH

Only the **red lever** is required for warm water hand-wash: it's **pre-mixed** by the integral Thermostatic Mixing Valve

COLD WATER DELIVERY

The **blue lever** gives dedicated cold water delivery or cold can be added to the pre-mixed supply if required

Turn either tap **ON** by pushing down on the **SHORT LEVER**

Push the **LONG LEVER** back with your elbow to hygienically turn **OFF** the flow
